

REBOOTS ONE LITE

The Reboots One Lite is the entry-level version - as a 6-chamber system - of our bestseller, the Reboots One. The chambers build up a pressure of up to 240 mmHg. 6 massage programs offer different massage focuses. The Reboots Pants include the gluteus in the massage and can remove metabolic waste products even more thoroughly thanks to their overlapping chambers. Get our Reboots One Lite and regenerate like our professional athletes.
